

A SAFE COMMUNITY

AGREEMENT

between

**the WHO Collaborating Centre on
Community Safety Promotion
Karolinska Institutet
Department of Public Health Sciences
Division of Social Medicine**

and

Anchorage, Alaska

to

jointly support the implementation of the ongoing worldwide programme on community safety promotion. This safe community concept covers the whole community including people in all age groups, all environments and all situations. The parties agree to document and evaluate their efforts and to actively spread their experiences nationally and internationally.
